

PASTRAMI NOW

About Us

We are PASTRAMI NOW. Founded by Adam and Rich, two friends with a shared love of cooking and a special interest in curing meat. We took that passion to create a Street Food business serving delicious Pastrami and Salt Beef sandwiches.

Our Pastrami and Salt Beef is cured and slow cooked at home. We serve it to you hot with pickles, cheese and our amazing Pink and Green sauces. If that's not enough of a fill we also serve it up with great side dishes, a zippy coleslaw and German-style potato salad. Every sandwich comes with a gherkin as standard.

What We Do

We run a street food stall selling delicious Pastrami and Salt Beef sandwiches with our own unique twist

We cook everything from scratch, including all our sauces. We take a huge amount of pride in the food we serve.

We're a mobile business able to take our setup just about anywhere. We are able to set up at a diverse range of events including food markets, outdoor events, beer festivals and brewtaps.

As well as that we are available for private hire including weddings. We have an adaptable menu to meet your needs.
